CISO Toolkit – Security Team Organization

A CISO-developed resource to empower your team.

Scroll down for links to Guidance Document(s) and Resources

The CISO-developed resource toolkit on Security Team Organization offers valuable resources for CISOs to structure and manage their security teams effectively. This toolkit provides guidance on defining roles and responsibilities, establishing clear reporting lines, and providing training and development opportunities for security team members.

Toolkit Summary

ESTIMATED LABOR COST SAVINGS: $25,500 - $51,000

(Based on a range between $75-$150 per hour for a single FTE)

Title	Document Format	Document Type
CISO Developed Guide to Attracting and Retaining Talent	PDF	Primary Guidance Document
Security Org Chart Prototype	PPTX	Template
Security Framework Maturity	PPTX	Template
Sample Security Team Structure	PPTX	Template
Security Solution Capabilities	PPTX	Template
Cybersecurity Ecosystem	PPTX	Tool

The Value of the Toolkit

The Security Team Organization Resource Toolkit is an indispensable asset for CISOs and their teams, offering the following key benefits:

- **Comprehensive Coverage:** Addresses all aspects of security team organization, from team structure and roles to team culture and communication.
- **Practical Usability:** Provides templates and checklists for designing a security team structure, defining roles and responsibilities, and building a positive team culture.
- **Enhanced Compliance:** Helps organizations meet regulatory requirements for security team organization and management.
- **Strategic Insights:** Guides on emerging security team organization trends and challenges, such as cybersecurity talent shortages and remote workforces.
- **Increased Collaboration:** Fosters alignment between the CISO and other executives, ensuring a security-centric culture across the organization.
